Studio MOONROCK (VIPER GTS / ANGELIUM / WET SUMMER DAYS) brings us skimpy sailor uniforms, out of this world curves and plenty of hot demon action!

Sexy Sailor Soldiers Unite!

Nami Koishikawa's incredibly large breasts and curvaceous figure got her a lot of admirers, but she never really thought anything of it. Sure, she enjoyed wearing skimpy work uniforms that threatened to cause her breasts to pop out at any time, but every girl likes to look sexy right? However those luscious curves get her into real trouble late one night when Nami rushes to the aid of an injured woman behind the restaurant where she works. The woman hands her a strange looking pendant and begs her to "take her place".

Nami curiously examines the pendant and it transforms her into a Sexy Sailor Soldier! Talk about the ultimate skimpy uniform! And that's not the only thing that's changed. Nami's pheromone levels have skyrocketed and it's driving every sex demon on the planet crazy with desire. She better hope the other Sailor Soldiers find her fast, or else the hordes of demons chasing her are going to be ravaging her until the end of time!
